Notes

(1) Average number of workers during the period January to April 1947 and January to April 1948

(2) [One digit is missing from figures in this column.]

(3) Figure excludes workers in electric power plants, coke ovens and ore mines, and mine office workers.

Actual number of workers in all mining branches: 112,181

Actual number of office workers in all mining branches (exclusive of Slovakia): 10,182

Grand total of employees, including those in Slovakia: 134,100

(4) Approximate wages per shift taken from average during period January to April 1947 and January to April 1948

(5) Performed and lost shifts are taken from temporary current files, but the difference between these and final figures will in general be insignificant.

The amount of 1,626,451,113 crowns was paid out in wages during January, February, March, and April 1948

For the same period, 1,458,449,820 crowns were paid out in 1947.

Number of shifts worked during same period for 1948: 9,024,247 (Kcs) [sic], and 8,394,538 (Kcs) [sic] during same period in 1947.

Wages paid are out understood as approximate wages, including all purely mine expenditures. The total amounts of the approximate wages paid in electric power plants, coke ovens, briquette factories, and other auxiliary factories are not included in these figures. Neither are wages paid to office workers in these plants included.
